

PROUDLY SUPPORTING

**Coeliac
Awareness
Week** 13 - 20 March

Coeliac Australia surveyed their members about what prompted their coeliac disease diagnosis. Here's what they discovered:

A person with short blonde hair, wearing a dark grey sweater and green pants, is holding a large circular graphic. The graphic has a white center with blue and green borders. The text inside the white center reads "Think Outside The Gut".

**Think
Outside
The Gut**

34%
gut issues

66%
other symptoms

unusual blood
test result

osteoporosis

unexplained fatigue

fertility issues

unexpected weight
loss or faltering
growth in children

associated condition
or family history
